## What is The Truth Project?

In a recent study, the Barna Research Group revealed a stunning statistic that continues to reverberate throughout the evangelical world. Only 9 percent of professing Christians have a biblical worldview.

Because of this, today's believers live very similarly to non-believers. A personal sense of significance is rarely experienced, we spend our money and time on things that fail to satisfy and we begin to wonder what life's ultimate purpose really is. We are, in short, losing our bearings as a people and a nation.

To counter this slide within the body of Christ, we are launching one of the most ambitious and powerful projects in the history of our ministry—Focus on the Family's The Truth Project.

The Truth Project is a DVD-based small group curriculum comprised of 12 one-hour lessons taught by Dr. Del Tackett. This home study is the starting point for looking at life from a biblical perspective. Each lesson discusses in great detail the relevance and importance of living the Christian worldview in daily life.

We believe this one project represents the possibility for exponential change within the body of Christ, as we expect that thousands will be transformed by this curriculum. As it has been throughout history, God continues to call ordinary people to make an eternal difference in our world.
