

*God has a vision for your life  
How Can You Find It?*

*Follow the example of Habakkuk. We can hear the vision God has for us in the same way Habakkuk did!*

1. To hear the vision, put doing God's will as your top priority!
2. You won't hear it unless you spend time alone with God.
3. Don't be impatient. Wait and learn to be expectant even when you aren't hearing anything.

3 levels of knowing God:

1. Recognition- You know about Him
2. Acquaintance - You spend a little time with Him.
3. Friendship - He's a friend and not a stranger

**Disciples Talk Questions:**

1. What stands in the way of you making time to spend with God? How can you remove the obstacles?
2. Why is it difficult to put doing God's will as a priority in your life? Is it fear or something else?
3. Waiting is a difficult discipline. How long have you ever waited on God? What did you do while waiting?
